REFINED MINIMALISM.
FUNCTIONAL DESIGN.

REFINED MINIMALISM.

Start your spatial design with a timeless canvas. Celebrate minimalism and the art of clean lines with the First collection. First invites you to embrace a mindful approach to design, where simplicity and dynamism intertwine, creating spaces that breathe with a sense of openness and vitality.

Each design is a unique chapter in the narrative of understated elegance, where less becomes an art form and every detail speaks volumes.
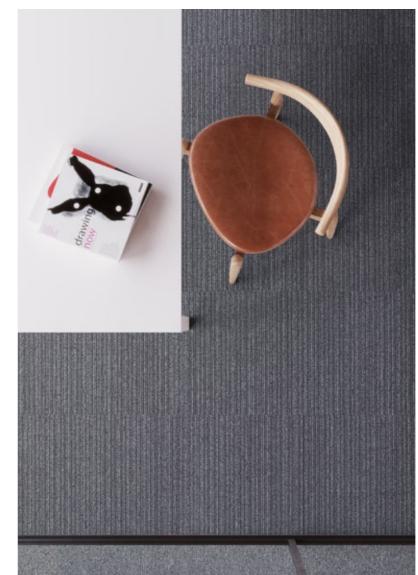

FUNCTIONAL DESIGN

Let your space breath First. Creating a serene yet alive environment starts with choosing the right canvas. One that takes cleanliness and minimalism to its heart. In a world bustling with energy, serenity can become a welcomed feeling for many. Functional, flexible and timeless, First is a collection that adds to your minimalistic approach.

MINIMALISTIC EXCELLENCE

FIRST STREAMLINE 961, FIRST FORWARD 961

FIRST SWAY 061

With each design created with the hustle and bustle of daily life in mind, First becomes a standard collection that transforms your spatial design into an oasis of minimalism.
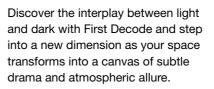

COLOURFUL BOLDNESS

Let colour do the talking in your spatial design with First Forward, First Decode and First Streamline.
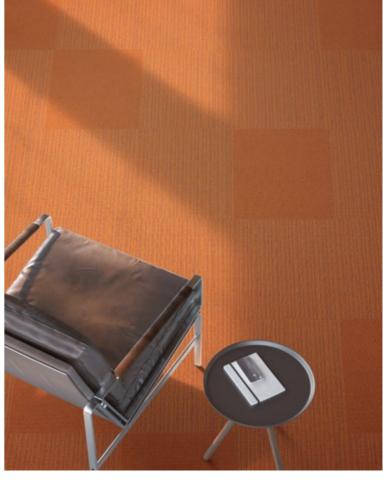

Set the tone with First Forward. A timeless design that holds a little bit of boldness and a whole lot of class. Some colours within this collection can be used as base tiles for customising with graphic designs, visuals or gradients, making First Forward the ideal partner for expressing your brand identity through your spatial design without limits.

FIRST STREAMLINE 306, FIRST FORWARD 322

Discover the interplay between light and dark with First Decode and step into a new dimension as your space transforms into a canvas of subtle drama and atmospheric allure.
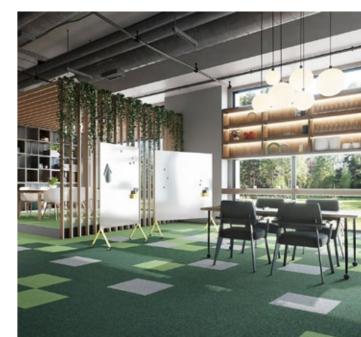

Much like a pin-striped suit, First Streamline adds an element of elegance. The bright colour palette makes this design perfect for adding a bit of pizzazz to an otherwise serious environment.

FIRST FORWARD 625, 668, 907

FIRST DECODE 329, FIRST FORWARD 353

FIRST STRAIGHTLINE 990, 997

Outline your space with the clean lines of First Define, First Straightline and First Sway.

Embrace soft lines with First Define, a minimalistic design that seamlessly blends simplicity and sophistication, creating a refined aesthetic.

Similar to the swift motion of cars on a highway, First Straightline gives you the impression of moving ahead. This design imparts a dynamic energy to your surroundings, evoking a sense of momentum and continuous evolution.

Just as a skilled dancer captivates with unforeseen movements, First Sway introduces an element of surprise and dynamism to your environment.

Combine within the First collection to create timeless contrasts throughout your spatial design.
