

STRONG  
CORE.  
BEAUTIFUL  
DESIGN.

AT MODULEO.  
WE CHALLENGE. MOSTLY  
OURSELVES. TO **INNOVATE**.  
TO CREATE. UNIQUE DESIGN  
FLOORS. **STRONG. BEAUTIFUL.**  
**SILENT.** WITH A **SOFT** FEEL.  
AND A LIFELIKE TEXTURE.  
CLEVERLY **ENGINEERED**.  
BECAUSE WE BELIEVE.  
SOMETHING GREAT HAPPENS.  
WHEN **DESIGN** AND INNOVATION  
COME TOGETHER. A FLOOR.  
THAT MEETS EVERY EXPECTATION.  
A FLOOR. SO EXCITING.  
SUCH A PLEASURE TO OWN.

THAT'S WHAT HAPPENED  
WITH MODULEO LAYRED.  
THAT'S WHY WE GAVE  
IT A TOUCH OF  .

**1.**

**STRONG  
CORE.  
BEAUTIFUL  
DESIGN.**

2.

3.

LayRed is the engineered vinyl floor collection from Moduleo: a rigid flooring solution with a strong core, yet with a soft feel and silent acoustics. A premium quality floor with integrated underlay – the signature red back of Moduleo LayRed – engineered to stand its ground in any room and designed to be beautiful everywhere.

**LAYRED®**  
Engineered vinyl floors

## THE WAY YOU LIVE INSPIRES US TO INNOVATE

As cities and towns grow, so does the demand for quality and comfortable living spaces, putting pressure on the housing market. Space and resources are often limited these days, making the renovation of existing property more important.

**With its strong core and integrated underlay, Moduleo LayRed cleverly responds to the demand for a renovation-friendly flooring solution: you don't need to level the existing floor, just put Moduleo LayRed on top of it.**

5.

We're forced to live smaller, yet in the post-growth society, people tend to embrace compact living as a lifestyle – without sacrificing the feeling of space and comfort though.

We want your house to be a thoughtfully designed place that feels good to be in. A safe haven and an oasis of calm to come home to after a busy day, to escape the stress of everyday life and recharge your batteries.

**Relax! In terms of comfort, Moduleo LayRed outshines all alternatives: the floor has a soft, warm feel underfoot and is pleasantly quiet when walking over. It's also waterproof, making it much easier to maintain.**

Well-being is a hot topic in architecture. In recent years of living and working in the same space, it has become apparent that our home interior is essential for our sense of well-being.

We go out to enjoy fresh air, clear your head and find peace. Now we want to take those experiences inside. Nature has a positive impact and even a healing effect on your physical and mental well-being. Inviting nature into our home simply makes you feel better.

**Moduleo LayRed floors are inspired by nature. Whether you prefer a beautiful wood or stone design, the planks and tiles look and feel as real as nature itself.**

6.

Laurel Oak 51230

Show us your home and we'll tell you who you are. Your home interior is an extension of your personality and individuality. With furniture and decoration, you put your stamp on your interior, while the choice of floor is a great starting point to set the atmosphere inside.

Following the trend of open plan living, different floor designs are a smart way to give identity to different zones of an interior space. For playful living.

**The Moduleo LayRed designs are on trend, with colour variations from light to dark, and everything in between. There's a floor for every style and personality, with various plank and tile sizes to choose from. Zoning areas? The planks and tiles are perfectly compatible – your guarantee for a seamless transition.**

7.

# A FLOOR FOR EVERY SPACE

Cantera 46930 & Laurel Oak 51282

## COMBINE WOOD & STONE TO CREATE UNIQUE SPACES

With the trend of open plan living, zoning areas with different floor designs can be a great way to give identity to different zones of an interior space. Enjoy the warmth of wood in the living area and the look of stone tiles in the kitchen. Moduleo LayRed planks and tiles are perfectly compatible, guaranteeing you a seamless transition.

York Stone 46934 & Laurel Oak 51230

## LARGE PLANKS AND XL TILES, FOR THOSE WHO LOVE TO GO BIG

Live spacious. And enjoy the grandeur of large planks and XL tiles in your interior. They have the ability to make a room look bigger. The laying direction of the planks and the absence of grout lines between the tiles enhances the visual effect even more. That's how large Moduleo LayRed planks and tiles can make a big difference.

9.

## 'EMBOSSSED IN REGISTER' PLANKS: BEAUTIFUL MATT LOOK AND LIFE LIKE FEEL

Real as nature itself... Moduleo LayRed floors with 'embossed in register' technology have a realistic texture that is perfectly in sync with the design. It brings to life the smallest details and allows you to actually feel the wood grains and knots.

# THE BEAUTY OF WOOD & STONE, THE BENEFITS OF LUXURY VINYL

**At Moduleo, we always innovate with you in mind. Because we believe a flooring solution is only a smart solution when it matches your lifestyle and meets the desires and demands of today's homes.**

10.

## 01. Soft & warm

Without knowing it, your feeling of well-being increases when walking over a Moduleo LayRed floor. It anticipates your body weight, offering you a floor that has a quiet and soft feeling underfoot. What's more, it feels pleasantly warm in every season.

## 02. Always silent

One of the main benefits of a luxury vinyl floor is its acoustic comfort. Moduleo reduces in-house walking sounds to the absolute minimum. It's the ultimate flooring solution when you're looking for some peace of mind.

## 03. Waterproof

Luxury Vinyl repels water, making a Moduleo LayRed floor the perfect solution for kitchens and bathrooms – and for every space at home for that matter. Water balloon fight inside? No problem, cleaning is a breeze.

11.

## 04. For everyday life

Looking for a floor that can handle the hazards of everyday life? Moduleo LayRed floors can take a beating. The patented wear layer protects the floor from scratches and stains, keeping the design beautiful for many years.

12.

## The collection.

See Moduleo LayRed in all its glory and be impressed by its beauty. A range of colours and designs inspired by nature, from wood to stone, suitable for every space in your home. Have a look.

# CHOOSE LIGHT

White. Bright. Open. Airy. With a light-coloured Moduleo LayRed floor, you bring a sense of serenity into your home. Everything you need to create a space of pure and personal comfort where you'll most certainly find your peace of mind.

Light colours have a positive effect on the feeling of space and the atmosphere indoors: they have the ability to really open up the room. A light floor definitely sets a mood without stealing all the attention, making it the perfect backdrop for eye-catching design furniture.

# EXPLORE GREY

Timeless. Yet always contemporary. Grey is the true colour of most stories in life: rarely black or white, mostly something in between. A grey floor brings balance to an interior and matches with almost every colour palette, so the decorating possibilities are endless.

Grey Moduleo LayRed floors often let other parts of the room do the talking, whether it's a piece of design furniture, decorative greenery or a daring colour accent. You see, there's nothing boring about grey. Grey never grows old. And it certainly never goes out of style.

30.

**Beautiful shades of grey.  
From light to dark.**

Weathered wood in muted tones of grey give an interior an industrial feel. The planks look like they have aged for years. So very sophisticated. And on trend. A grey Moduleo LayRed floor is the perfect flooring solution for a city loft, but beautiful everywhere.

\* Available in plank  
& herringbone plank

Mountain Oak 56112

**Light greys.  
Bright like a diamond.  
True gems.**

Fragile? Not at all. Even a lighter Moduleo LayRed design floor can handle the hazards of everyday life just fine. Whether it's a plate that slips through your fingers on the kitchen floor or the drink that you spill, you can rest assured the floor can take it: it's stain resistant and easy to maintain.

\* Available in plank & herringbone plank

# KEEP IT NATURAL

Inspired by nature. And improved by technology. That's what Moduleo LayRed is all about. At Moduleo, we always reproduce nature's beauty down to the last detail. Natural LayRed floors look lifelike, but they also come with great functional benefits: they are wear and water resistant. That's a plus.

A Moduleo LayRed vinyl floor with natural wood design doesn't need sanding, polishing and lacquering. You experience all the fun, without the burden. The most durable flooring solution available? Now you know.

38.

**Lively wood designs.  
Naturally impressive.**

Go for wood designs that show character. Impressive in any interior. You can actually see and feel the grains and knots, just like genuine wood. A refined tone-on-tone bevel even strengthens the natural appearance of your Moduleo LayRed floor.

\* Available in plank  
& herringbone plank

Laurel Oak 51992

# GO FOR DARK

Time to explore your dark side. In a good way. And in your interior. Perhaps a dark Moduleo LayRed floor isn't the first you're thinking about, but it's definitely one you should consider: a dark floor is a smart solution to create a sense of intimacy in a room.

It may come as a surprise, but did you know that a dark floor can also brighten up an interior? Balance is everything: if you pair a dark Moduleo LayRed vinyl floor with light-coloured walls and ceilings, and bring enough natural light into the house, dark will spark your interior.

46.

Nublo 46231

# CHOOSE LIGHT

Imagine the look of natural stone. And think of tiles with beautiful organic patterns and soft shades for a minimalistic approach to your interior. Opt for a light-coloured design floor if you prefer a clean yet strong look. Pure. Just perfect.

A light-coloured floor appears to be more delicate. Fortunately, the opposite is true. Moduleo LayRed can take a beating: it's waterproof and wear resistant, and easy to maintain. So, feel free to go for a light floor. You won't regret it.

56.

**Contemporary.  
Cloudy as  
the universe.**

---

Beautifully mottled. Richly detailed. And undeniably stylish. Moduleo LayRed floors with light-coloured stone design are the perfect solution for contemporary homes. They are suitable for every space, from bathrooms to bedrooms. For some sense of serenity.

York Stone 46112

58.

**Travertine inspired.  
Or a beige fossil-like look.**

---

A marbled or spotted floor is appealing. But you're looking for something different, something truly special. What about a beautiful travertine floor? Or a floor with a beige fossil-like look? With its neutral colour, it works well in any interior. And in yours for sure.

Millstone 46200

Jetstone 46958

# EXPLORE GREY

Grey tiles, they are as much a trend as they are a tradition, guaranteeing a timeless elegance in any style of interior. A natural stone floor always looks strong. The grey tones of luxury vinyl tiles easily match the other colours in your interior without clashing with them.

Cleaning is probably not your favourite activity. Relax, you can hardly see any dust on a grey tile floor. Its lively design masks the dirt. And cleaning is a breeze: occasional vacuuming and mopping should be enough to keep your floor in great condition for years.

64.

**Warm feel underfoot.  
Stone-cold look.**

---

A grey Moduleo LayRed floor with cloudy or blazed design pleases the eye. A stone-cold look, but a pleasantly warm feel underfoot. With its neutral colour, it works well in any interior. A natural stone that matches the character of your home – or builds its character.

Jetstone 46934

Millstone 46933

Millstone 46933

York Stone 46934

Luzerna 46938

**Strong. Raw.  
Perfectly imperfect.**

---

Rough stone. Harvested from nature.  
Textured. Raw. Yet always elegant.  
The beauty of a Moduleo LayRed floor  
with organic stone design lies in its  
imperfection. A first-class floor covering  
for your renovation project. An instant  
classic in any interior.

Cantera 46990

# GO FOR DARK

Its strong appearance. Its lively design. And its unparalleled comfort. A dark Moduleo LayRed floor surprises and seduces every time. In fact, it just makes any interior much more interesting. Never boring. Certainly nothing you should be afraid of.

Used well, a dark vinyl tile can open and brighten up a room as much as a light colour. XL tiles can also make the room look bigger. It's quite impressive to see how a Moduleo LayRed floor can change the look and feel of a space completely.

72.

**A bit bold.  
Yet very  
sophisticated.**

---

Looking for a floor that really stands out?  
A floor that has the rare ability to become  
the eye-catching masterpiece in your  
interior? Go for marble with playful veins  
or a fossil-like look. A daring design for  
sure. But you'll never experience a dull  
moment at home again.

Luzerna 46987

75.

**Marbled design.  
For a luxurious look.**

---

What happens when something slips through your hands? Why take the risk of a broken tile when you can install Luxury vinyl flooring with a stone look? Moduleo LayRed floors are a smart and durable solution for every space in your home. And the designs? Truly unique. Beyond the ordinary.

76.

## The LayRed® Lab.

Moduleo LayRed floors are all about beautiful design and great comfort. But they also have a strong core, making them the perfect flooring solution for your renovation project. Discover where Moduleo LayRed makes the difference. Welcome to the LayRed Lab.

LAYRED®  
LAB

# STRONG CORE, BEAUTIFUL DESIGN

LayRed is the engineered vinyl floor collection from Moduleo: a rigid flooring solution with a strong core, yet with a soft feel and silent acoustics. A premium quality floor with integrated underlay – the signature red back of Moduleo LayRed – engineered to stand its ground in any room and designed to be beautiful everywhere.

ONE PLANK/TILE,  
TWELVE LAYERS,  
THREE BENEFITS:

**DESIGN & PERFORMANCE**

- > Trendy designs
- > Waterproof
- > Scratch & stain resistant

**COMFORT**

- > Silent acoustics
- > Soft & warm feel

**STRENGTH**

- > Rigid vinyl with integrated underlay

Moduleo LayRed consists of 12 layers, representing strength, comfort, design and performance. Twelve layers that combine to create one strong, exceptionally durable product.

STRENGTH

.01

THE LOWER LAYERS GUARANTEE THE RIGID STRENGTH OF MODULEO LAYRED.

COMFORT

.02

THE MIDDLE LAYER ENSURES THE SOFT FEEL AND SILENT ACOUSTICS.

DESIGN & PERFORMANCE

.03

THE UPPER LAYERS CONNECT TRUE-TO-NATURE DESIGN TO GREAT PERFORMANCE.

# FLOOR WITH A STRONG CORE

## RIGID VINYL FLOOR WITH INTEGRATED UNDERLAY

Moduleo LayRed is a multi-layered vinyl floor that combines beautiful design with supreme comfort and unrivalled strength. It's rigid, and even though it's a durable flooring solution for every home, Moduleo LayRed is a smart solution for your renovation project: it's only 6 mm thick and has an integrated underlay, so in most cases you don't need to break up the existing floor, just put Moduleo LayRed on top of it.

Only 6 mm thick  
(with integrated underlay)

## PERFECT FOR YOUR RENOVATION PROJECT

Uneven subfloors might be a challenge when renovating a home. Not for Moduleo LayRed. Thanks to its strong, non-telegraphing core and integrated underlay, Moduleo LayRed has the ability to bridge gaps or slight unevenness in existing floors.

No levelling preparation is needed in most cases. And that's a great benefit. The integrated underlay covers any imperfections in the subfloor. And the strong core layer prevents telegraphing, meaning high and low spots won't show through the surface – for a perfectly even floor.

## EXCELLENT STABILITY

Large windows offer abundant natural light. On the downside, your interior is subject to temperature fluctuations. Moduleo LayRed can handle this just fine. The rigid floor remains dimensionally stable in variable temperature conditions: it suffers hardly any change in form due to heat and cold (if an expansion gap is respected) or humidity.

## STRONG QUALITY, LONG WARRANTY

Moduleo LayRed is extremely durable when properly cared for. If you do so, Moduleo gladly offers you a lifetime warranty.

# STRENGTH .01

## A TOUCH OF RED

The integrated underlay of the boards comes in red, the signature of LayRed. So, Moduleo LayRed will inevitably be known as 'the floor with the red back'.

## NO VISIBLE INDENTATION MARKS

Our engineered vinyl is indentation proof: the upper layer of the strong core is constructed to prevent dents from heels and furniture legs. Thanks to the memory effect feature, your Moduleo LayRed floor simply returns to its original state when weight or pressure is reduced.

# SOOTHING YOUR SENSES

You want the strong features of engineered vinyl but don't want to compromise on great comfort. Luckily, with Moduleo LayRed, you don't have to.

## ENJOY SENSIBLE COMFORT

One of the main benefits of a Moduleo vinyl floor is comfort. But can engineered vinyl compare with more flexible alternatives? Absolutely. Your feeling of well-being increases considerably when walking over an engineered Moduleo LayRed floor: it feels naturally warm underfoot and reduces sound to the absolute minimum.

## SOFT & WARM FEEL

Moduleo LayRed gives you that pleasantly soft and warm feel underfoot. It's resilient and anticipates your body weight, making Moduleo LayRed softer than all engineered alternatives. What's more, Moduleo vinyl has better insulating qualities, keeping temperatures comfortable in all seasons. So, no cold feet for you, even on an engineered vinyl floor with a ceramic design.

Moduleo LayRed is the engineered vinyl floor with the softest touch underfoot. That makes Moduleo LayRed truly unique!

Not warm enough?  
Moduleo LayRed is highly compatible with underfloor heating (0.047 m<sup>2</sup> K/W).

Up to  
22 dB ΔLw

COMFORT  
.02

## SILENT ACOUSTICS

Silence is something we all particularly value, especially at home. The acoustic layer softens reflective walking sound: no creaking boards or click-clack noises when walking over a Moduleo LayRed floor. The integrated underlay also ensures a high transmission sound reduction – this is pleasant for both you and your neighbours.

In terms of comfort, Moduleo LayRed outshines all competitors: the noise absorbing qualities of Moduleo LayRed are demonstrably better than hardwood, ceramic, laminate (even with a special underlay) and other engineered vinyl floor products. Let's put it to the test.

# LOOKS GREAT, PERFORMS EVEN BETTER

Looking for a flooring solution that combines the natural beauty of a hardwood or stone floor with the practical advantages of wear resistant vinyl? Moduleo LayRed brings you the best of both worlds.

## TRUE-TO-NATURE DESIGN

Moduleo LayRed looks and feels as real as nature itself. The collection boasts a wide range of colours and designs, from oak wood to stone. Inspired by nature. And created to look good: pin-sharp details, few repetitions and beautifully embossed textures with a matt finish. You'll definitely find a floor that fits your desires. The only difference with its natural counterparts is that Moduleo LayRed performs better.

## EMBOSSED IN REGISTER TEXTURE

Thanks to the embossing process, all Moduleo LayRed floors feel lifelike. For some Moduleo LayRed planks, we even go a step further with 'embossed in register': a realistic texture that is perfectly in sync with the design and allows you to actually feel the wood grains and knots. It brings to life the smallest details. Real wood or embossed vinyl design, you can hardly tell the difference. You recognise the Moduleo LayRed floors with high-tech embossed texture by the 'embossed in register' symbol – or just feel it.

## FULLY WATERPROOF

One great advantage of a vinyl floor is that it's waterproof. So, you don't have to worry about spills and splashes. It's ten times easier to maintain. Worry less, that's the idea with Moduleo LayRed: a floor for every space in your home, from living areas to kitchens, from bedrooms to bathrooms.

## SCRATCH & STAIN RESISTANT

Looking for a floor that can handle the hazards of everyday life? A Moduleo LayRed floor has a 0.55 mm wear layer. It's scratch and stain resistant thanks to the best in class TwinGuard protective layer, which protects the floor from scratches and dirt penetration, ensuring the design remains in perfect condition.

## REFINED 4-SIDED BEVEL

A refined tone-on-tone bevel strengthens the natural look and feel of a Moduleo LayRed floor. Every plank has its own unique bevel, adapted to the character of the wood. The tiles also have a bevel on all sides to define their contours.

## DIFFERENT PLANK/TILE SIZES

Moduleo LayRed planks and tiles are available in different sizes: some of them have larger dimensions, for more grandeur in your interior.

# DESIGN & PERFORMANCE

## LET'S PLAY WITH MOODS

### Creative design floor collection

If furniture, lighting and decoration can play an accent role in your interior, why not the floor? Our thought exactly. So, we created Moods, a contemporary collection with creative designs, from naturally sophisticated to wildly dynamic, yet always strikingly expressive. A Moduleo Moods floor is art. And it will definitely change the face of your interior.

### Shapes, patterns and styles

Our creative design floors have lively patterns in which geometric shapes are combined with a selection of wood and stone textures and soft pastel colours from the Moduleo Transform and Impress collections. The result is a unique floor with a very own style and personality – and the signature Moduleo quality: beautiful, practical and durable.

### For those who love creative living

Moduleo Moods is the design floor collection for those who love creative living – people with an eye for beauty and a heart for creativity, who believe that something ordinary as a floor can become the most extraordinary part of their interior. Are you one of them?

# MOODS®

## The installation.

104.

Moduleo LayRed is a smart flooring solution that's easy to install. The planks and tiles can be fitted using a simple, fast click system. What's more, Moduleo LayRed comes with an integrated underlay. No hassle for you.

For more detailed installation instructions: visit [installandclean.com/en/moduleo](https://installandclean.com/en/moduleo) or scan the QR-code.

### Engineered vinyl floor with integrated underlay

The Moduleo LayRed integrated underlay is attached to the product. It ensures easier and quicker installation, better sound dampening and better levelling of uneven surfaces. Crunching sounds due to underlying dirt or sand grains are fully absorbed.

### Combine wood & stone to create unique spaces

Enjoy the warmth of wood in the living area and the look of luxury vinyl tiles in the kitchen. Moduleo LayRed planks and tiles are perfectly compatible, guaranteeing you a seamless transition.

### Uniclick® Fast, easy & reliable

Our angle-angle click system offers the best technical performance on the market: the click ensures a super strong and water resistant joint connection and an easy, convenient installation.

**UNICLICK®**  
PATENTED TECHNOLOGY

### Unizip® Smarter clicking. Faster placing.

A herringbone pattern often calls for two different types of planks to place it. Not anymore. With the new Unizip clicksystem your herringbone floor is shaped with just one plank that clicks both ways. It's faster. And easier.

**UNIZIP®**  
PATENTED TECHNOLOGY

## The finishing.

106.

Moduleo LayRed is perfectly compatible with Xtrafloor accessories: matching skirting boards and profiles for a beautiful finish.

1. Stair solution

### Stair solution for new builds and renovations

Panel your stairs quickly and easily with Moduleo LayRed. No adjustment to the staircase required. Glue also included. This makes it a budget-friendly solution to transform your staircase into whichever Moduleo LayRed wood design you wish. Straightforward installation thanks to in-built click profile. Suitable for classic stairnoses and straight stairs.

This stair solution is only available for Moduleo LayRed boards.

### Skirtings

The identical connection with your Moduleo LayRed floor.

2. Skirting board

3. Deco strip

### Profiles

For a beautiful finish down to every detail.

4. End profile

5. Pipe cover

### Combine

Connect wood (excl. herringbone) and stone seamlessly.

6. Seamless transitions

## Cleaning & maintenance

Good cleaning and proper maintenance preserve the appearance and extend the life of your Moduleo LayRed floor.

Cleaning frequency depends on how intensely the floor is used, and some other factors: how many people walk on it, how dirty the floor is, what colour it is...

Moduleo LayRed floors are given extra protection by a TwinGuard PU protective layer on top of the resistant wear layer. The lacquer protects against dirt and makes cleaning easier. Also, thanks to the patented Protectonite technology, your Moduleo LayRed floor doesn't need pre-treatment before use.

### Clean regularly

Appropriate maintenance procedures will help to preserve the appearance and will extend the life of your Moduleo LayRed floor.

### FIVE TIPS FOR EFFECTIVE MAINTENANCE

1. **Preventative measures:** keeping dirt of the floor is easier and less expensive than removing it.
2. **Vacuuming:** regular vacuuming to remove all grit, debris and other solid particles is the most important part of a successful maintenance programme.
3. **Spill and spot cleaning:** spills and spots are inevitable, but they don't have to be permanent. Remove a spill quickly and there's less chance of permanent staining.
4. **Periodic cleaning:** inspect and assess the appearance of the floor. Seasonality may alter the amount or type of maintenance required.
5. **Deep cleaning:** periodic cleaning is far more beneficial to the floorcovering than infrequent heavy cleaning. However, seasonality can influence the amount of cleaning required.

Ask your Moduleo retailer for more information about our maintenance solutions

## The maintenance.

108.

Take good care of your Moduleo LayRed floor and you will enjoy it for a lifetime. The cleaning and maintenance? We leave that to you – piece of cake.

109.

110.

## The company.

Moduleo paves the way towards more sustainability: with a diverse range of durable, stylish products as well as excellent customer service and unparalleled green credentials, Moduleo is proud to be different.

## Paving the way towards more sustainable flooring solutions contributing to the well-being of people.

Moduleo sets the standard for future generations of luxury vinyl floors. We aim to stand out with on-trend design and innovative comfort. Our intention is clear: we want people to enjoy our floors. The people who walk, play and live on our vinyl floors are at the centre of everything we do.

Moduleo luxury vinyl floors are designed, developed and produced in Belgium. Which is specially constructed to enable us to produce flooring in a responsible manner. Unlike other producers we have full control over the design, production and logistics process.

Choosing Moduleo is making a choice for the future. Thinking sustainably and working from our very own purpose-built, eco-friendly production plant are only some of the ways we are doing things differently, but they are our contribution to a better world and a more beautiful environment.

Moduleo is the residential luxury vinyl floor brand of IVC Group, a world leader in the development and manufacture of vinyl floors. Since 2015, the IVC Group has been part of Mohawk Industries Inc., the world's market leader in flooring.

## Eco is so logical! If you are looking for a sustainable flooring solution, think of Moduleo first!

**Relying on renewable energy**  
We rely on 100% renewable energy through our windmill and solar operations, and selective energy sourcing.

**Recycling, our responsibility**  
At our production plant, nearly all waste is recycled and reused for production purposes: tons of recycled vinyl material are going back into the loop each year.
