

# The padel pioneer

**JUBO** PADEL  
PADEL COURT MANUFACTURER

**We believe.**

**We enjoy.**

**We play.**

**We are Padel.**

## PROPOSAL

A lifetime of experience in the production, sale and installation of padel courts has taught us to design durable courts for the best padel experience for players and the highest benefit of the owner. We believe in padel as a social sport for all people regardless of their age, gender or physical conditions, as a sport in constant expansion. We want to become an international reference as padel courts builder. We enjoy shaping each project entrusted to us, from the first contact to the final delivery and installation. We love padel and we want to extend this amazing sport all around the world. We want to be your trusted manufacturer and share with you our passion for this sport.

# About us

25 years expanding padel worldwide

We are a second generation family business that continuously strives for perfection with its solid growth and constant focus on innovation, high-quality standards and complete customer satisfaction. From the initial contact to the project completion, JUBO Padel supports its customers throughout the whole process and offers fast and professional after sales customer support.

WEBSITE

We have developed and installed more than 6.000 courts in more than 60 countries over the last 25 years, always driven by the values that padel represents: good work, team spirit and cooperation, communication, sportsmanship, respect and innovation.

# Worldwide presence

+6000

More than 6.000 courts installed all over the world.

+60

Presence in more than 60 countries.

# Union makes strength

In conjunction with Diagonal Padel Academy, the prestigious academy founded by Juan Manuel Rodriguez, and with Aerial Padel, a disruptive full padel company created by Marta Marrero, we offer a first class training methodology to improve all levels of padel.

MORE INFO

As a leader in padel court construction, we seek strategic alliances with other sector companies to grow together. Our goal: to create service synergies, promote innovation and spread the love of padel globally. Together, we will transform the industry and take padel to new heights.

Floating Padel Oy

# Partnership with A1 Padel

Our partnership with A1 Padel stems from a shared vision: spreading the passion for padel worldwide. As pioneers in court design, we search for strategic partners to co-create and transform the industry. Together, we will innovate, but also expand the frontiers of padel.

***A1 PADEL***

# Elite players collaboration

AGUSTÍN GÓMEZ SILINGO & MARTA MARRERO

We work together with two outstanding padel players. One of the players with the longest and most successful careers in WPT history, Agustín Gómez Silingo, was a key member of the team that developed our Infinity court. His expertise has been essential in providing us with professional player feedback, enabling us to create the best court on the padel market.

For the past twelve years, Marta Marrero has been regarded as one of the top padel players in the world. She won 25 professional championships and was ranked first in the world in 2016 and 2019 before temporarily retiring from the World Padel Tour. She currently owns five Aerial clubs in Catalonia, each with its own padel academy where anyone can enjoy playing in our Infinity court.

We are proud to collaborate and share the passion for padel with these two great professionals.

# Innovative robustness

## QUALITY DESIGN FOR DURABILITY

Our most consolidated court, which combines construction systems of pillars and frames, so that once installed, large 120x80mm pillars reinforced with buttresses are formed.

In addition to being super-resistant, VISION model the glass is flush with the mesh, the mesh is continuous between frames, and both the metal mesh and the glass rest on a frame around their entire perimeter, guaranteeing high-quality aesthetic finishes and high robustness finishes.

# The place to beat records

## OUR NEW SUPERCOURT

This innovative and fully immersive court is the result of the joint work with recognised eminences from the Polytechnic University of Valencia, an internationally prestigious engineering studio, Diagonal Padel Academy and our experience of more than 25 years manufacturing padel courts, designed to bring the best court to the whole world.

Our patented INFINITY court complies with the regulations of the International Padel Federation, reducing costs in manufacturing, transport and assembly, thereby inducing a lower carbon footprint.

## 2024 CIRCUIT

A1 Padel court by JUBO Padel complies with the regulations of the International Padel Federation and with the most restrictive requirements established by the Eurocodes, reducing our carbon footprint, manufacturing, transport and assembly costs.

In its structure are applied major advances in engineering, thanks to the optimization of the manufacturing process, fully robotized without welds and maximizing resistance to oxidation. In addition, the use of top quality materials helps to manufacture the most resistant and durable padel courts.
