MARDOM
DECOR

Material of manufacture: PolyForce®

Technology: ScratchShield®

Ingredients: Polystyrene 95%. The product does not contain CFCs. The product does not contain asbestos. The product does not contain cyanides. Ozone depletion factor: 0.

Key features:

IMPROVED INTERIOR ACOUSTICS

The use of slats significantly reduces noise indoors and allows you to get rid of the echo effect. Therefore, Lamelli wall panels reduce unwanted reverberation, foot-steps or rumble. Thanks to this, you will notice a clear acoustic comfort in your home.

QUICK AND EASY INSTALLATION

Installation of the slats consists of covering the panel with mounting adhesive and fixing it to the wall. No special tools or skills are required.

NATURAL TEXTURES AND COLOURS

The slats are available in a range of beautiful wood tones to suit many interior styles. Thanks to embossing technology, the texture of the slats mimics that of natural wood, reflecting its subtle grooves and heterogeneous structure.

Intended use: Interior walls and ceilings in public and private spaces
